

Fachbereich Physik und Astronomie

Online

Bern Physics Colloquium

u^b

UNIVERSITÄT
BERN

Wednesdays 16:15

- 06.10.2021** Prof. Nicola Serra (University of Zurich)
Flavour Anomalies at LHCb:
A Tale of Beauty Hadrons and Broken Universality
- 20.10.2021** Prof. David Schimel (CalTech)
t.b.a.
- 03.11.2021** Profs. Th. Frölicher and Th. Stocker (Bern)
From Physical Science to Climate Policy:
History and Insights from the latest IPCC Reports
- 17.11.2021** Prof. Philipp Hauke (University of Trento)
Solving difficult Problems using Quantum
Technologies: Quantum Simulation and beyond
- 01.12.2021** Prof. Fred Adams (University of Michigan)
The Degree of Fine-Tuning in our Universe
- 15.12.2021** Prof. Anna Soter (ETH Zurich)
Precision Physics using Exotic Atoms and Antimatter
