

Fachbereich Physik und Astronomie Bern Physics Colloquium

u^b

b
UNIVERSITÄT
BERN

Wednesdays 16:15

- 16.03.2022** Prof. Chen-Yu Liu (Indiana University)
The Neutron Lifetime Puzzle
- 30.03.2022** Prof. Pontus Brandt (Johns Hopkins University)
Interstellar Probe and the Evolutionary Journey
of our Habitable Astrosphere
- 13.04.2022** Prof. Julia Herzen (TU München)
Advanced Methods in X-Ray Imaging:
From X-Ray Physics to Biomedical Applications
- 18.05.2021** Prof. Marc Janoschek (PSI & University of Zurich)
Fundamental Ingredients of Skyrmion Functionality
- 01.06.2021** Prof. Jonathan Williams (University of Hawaii)
Observations of Planet-Forming Disks around young
Stars with the Atacama Large Millimeter Array
